“ I have many fond memories of our time together where Henry was an active participant in the Raritan Rockets Marching Band as a band parent. He was such a great man and a caring father and husband. You could see that in his every interaction with his family. He was also very generous with his time and brought a warm smile to each interaction you had with him. He will be missed.....one of the good guys.

“ I have fond memories of spirited discussions with Henry. Spirited in the best possible way, since we found ourselves on the same philosophical page. He also generously shared his technological knowledge, for when it came to tech, we were clearly on different pages. It was a privilege knowing Henry.
