“ *Missing you so much...*

“ *Thinking of my beloved cousin Annette daily and praying for the all-effectual grace of God in the Person and Work of Jesus Christ to envelop and uphold her extended family and friends.*

Annette and I shared our middle school and high school years together in the Roselle Park, N.J school system, type 1 diabetes, and even battling COVID-19. What we shared beyond these was a deep love and gratitude to God for our extended family with which He blessed us.

I will forever be indebted to the Lord that in His Providence the last words I spoke to Annette shortly before her hospitalization were, “I love you!”

“Jesus told her, ‘I am the Resurrection and the Life. Anyone who truly believes in Me will live the blessed life eternal, even after dying. Everyone who truly lives in Me and truly believes in Me will not die in condemnation. Tell Me, do you truly believe and live this...?’” John 11:25 and 26

“ It's so hard to imagine that I will never see you again or have one of our chats again. You always made me laugh and lent an ear when I needed you most and I can never thank you enough for that. Thank you for never being afraid to tell me I'm being ridiculous lol. To Gene and her family, I wish there were better words than I'm sorry but I am truly very sorry for your loss. She was a gem and was truly loved!! Until we meet again my friend....

“ I just couldn't believe it when I heard of Annette's passing on Friday. My heart is so sad, so broken and to lose such a wonderful person is devastating. I have known and worked with Annette at Monmouth Cardiology for over 21 years. She was more than a coworker to me. She was my friend. She was caring, funny, loyal, beautiful inside and out and her patients adored her. My fondest memory of her is how much she loved her "Burberry handbags and coats and yes she wore them well. I will surely miss her and miss her beautiful smile and laughter. May God bless her spirit and may she rest peacefully in his arms for eternity. My deepest sympathy to her husband Gene and her entire family during this difficult time.

Love,

Jacky Griffin.

“ *Annette,
I will never forget your smile and laughter. Your sarcastic stern face you would hold until we both cracked up laughing! You always brighten up my day and made me smile with your sense of humor and infectious laugh! I just heard of your passing today and I cannot get my head around it. I wish I could tell you one more time how wonderful it was to work with you and be your friend. You will be missed by so many, this I am sure of.
Love you friend,

I just heard that Annette passed away and was stunned and saddened. My husband and I would see Annette when she interrogated his defibrillator at Monmouth Cardiology. She was a thorough professional as well as a caring person. I often would ask her questions which she answered patiently. She could explain the intricacies of complicated machines and took the time to do so which is rare. We will miss her after almost 20 years of interactions.

My deepest condolences to her family - my heart goes out to you.
