“ Although you’ve gained a pair of beautiful wings and joined a place far better than this world could ever offer a saint like you, a tiny selfish part of me is too hurt to accept it. All of the memories with you my bff are held close to my heart. Rest in eternal peace my angel.

“ Mom it took me all this time to write this because my heart is broken that you had to leave so soon words and time will never make me get over loosing you .Mom you were my best friend and my person that I knew I can come to whenever I needed you.If it wasn't for you I wouldn't be the woman I'm or the mother and grand mother I become .I give you all the credit you raise me to be the independent person and the loving person and just like you would do anything to help someone without questions because you had a heart like no other that's where I get it from so if I had to blame anyone for the person I'm I blame you because it's your fault for raising me this way I love you so much people say it will get easier I don't think so only time will tell but I know I will never forget you and will never go a day without thinking of you I will miss you until I take my last breath and be in your arms again love you so much mom 🙏🙌❤️
