“ I miss you buddy. My father was the hardest working most caring person I have ever known. He taught me most everything I know especially how to be a father. He will live on in our memories, thankfully he provided the people he loved with so many of them! Rest easy buddy thank you for everything.

“ Brett was always so kind and always willing to help. He helped me get my first home . The house of my dreams. (And Mrs Tinny) his mom too. He was a great Uncle to my kids who loved him and loved spending time with him, which he found time to do. Right before he got sick we would run into each other here and there it was great like old times . Truly a great man. Will be missed . Love you Brett. My deepest condolences family and friends .
