“ So sad to hear this news. Brian was such a great person who made you feel like you were the most important person when he talked to you. I remember that sweet left handed swing he had, and how he'd crush a baseball. My deepest sympathy to the entire Fitzpatrick family.

“ Olivia and Timothy we’re sharing memories of their father Brian together this week. They continually laughed and smiled the whole time. Brian was always fun to be around and we never knew what to expect next. We all have crazy, funny stories to share! It made my heart happy to see his children have such great memories of their dad. They both have his great sense of humor, warm heart and beautiful smile. Brian and I were both truly blessed with amazing children.

“ Brian always made us laugh. He would always call me and tell me jokes or just call to get something off his chest. The thought of him not calling anymore breaks my heart. He would always tell me about the time when I was little and he would tease me with the ice cream and Aunt Betty yelled at him❤️ He loved his family with all his heart and he would do anything for us. After my Dad died he would call me often just to check on me. I love you Brian and I know you are watching over me and all the Fitzpatrick's. I'm sure you uncle Willie, and my dad are having a drink together driving your mom crazy! RIP my dear cousin!!!! I love you and keep watching over us until we meet again in Heaven❤️
