“ *I was always afraid of my father inlaw as a kid. I think it was us stern & business man presents as well as his deep voice. It wasn't long though that I would come to realize that there was much more to him. He was a caring, loving, hard working, family man with a heart of gold. Over 25 since I became a Derise he was ALWAYS there for me & Frank & our children. I could never thank him or my mother inlaw for all they did for us through the years. I feel truly blessed to have been part of his family. He taught his son how one takes care of his family & for that I will be forever grateful. I love you, I will miss & thank you for everything. Until we meet again.*
