“ Michael, I will never forget you n I growing up together n just always playing n fighting.....you shooting me in the ass with your BB gun. You were in your room with Albie...And Michele was babysitting us. Yeah, but she never got off the phone though. She heard me scream n yelled, "Mike what the fuck you doing!!" Funny thing is she didn't move to come see me either. I still have a scar. Love you brother

“ Well it was the first time I ever officially hung out with Michael and we were at a concert at The Stone Pony Summerstage. Place is absolutely jammed and he just bulldozed and let us to the front of the stage. Anybody who was disgruntled over it was sideswiped with his aggressive charm!! Funniest moment of the evening was during a sentimental ballad by Lzzy Hale. There was this one spot when she pauses and the place was absolutely silent because everybody was intently listening to the beautiful lyrics. And Mike yells out at the top of his lungs.. "tell us about it Lzzy!!!" The entire place heard it and Lzzy heard it loud and clear and gave him a huge smile.. Priceless!! We love you Michael.. Keep on rocking out in the sky..
