“ Patrick had an amazing desire to help other people. When my husband and I came down from MA to assist my folks with the office building and keeping of the house, Patrick was our main "go-to" guy! He knew everyone and had great recommendations for service providers and specialists.....we so appreciated his great attitude and willingness to do whatever it took to get a job done! I know he was challenged by some in our family who fight any change, but Patrick endured the negativism and always tried to put a smile on and get the jobs done regardless! He was there for my folks always and for this we will be forever grateful. Thank you Patrick for a job well done and a beautifully landscaped property to dress up our presence on Route 35! Thank you for always being ready to lend a hand.....

It's been many years since we seen Pat, we used to live across the street from the Nipar family in Navesink up to graduating H.S, Pat was the one that showed us the hills of Hartshorne woods when we moved to the area, we had some funny times growing up. our deepest condolences go out to the Nipar family.

The Casatelli family.
