

Robert "Bobby" Leonard Weber Jr.

July 18, 1961 - February 14, 2026

Robert (Bobby) Leonard Weber Jr., 64, of Middletown, New Jersey peacefully passed away on Saturday, 02/14/2026 after an 18 year battle with cancer.

Bobby fought the great fight and beat cancer 4 times in the 18 year battle. He is predeceased by his father Robert Weber Sr., and his mother Evelyn Weber. He is survived by his loving wife, the love of his life, Shelly. His children, Tarin & her boyfriend John, Raelynn & her husband Ryan, Raymond & his wife Katey, and Jacob. His beautiful granddaughter Ellie. His siblings Kimberly & her husband Larry, Carol & her boyfriend Joe, Donny & his wife Trisha, and his loving Aunt Joanne. Along with many cousins, nieces and nephews. There was nothing he loved more than friends and family, and helping everyone in any way he could. He loved showing up for people. He enjoyed golf, country music, football - the New York Giants, baseball - the New York Yankees, NASCAR, concerts, and any reason to be surrounded by the ones he loved and their laughter and love. He has so many friends, he loved meeting people and making friends through every walk of life. Bobby was unapologetically himself, loud, courageous, honest, loyal, humble and so kind. That is how he will be remembered in the hearts of so many.

“ Bobby and I grew close while we both worked at Larson Ford with his Dad. We had such great times between the "Wet sanding" the putty off cars!

It is sad that we lose contact with Friends and only remember all the great times during times like this!

Until we meet again in Our Loving God's hands my Friend!

Bobby and I grew close when we both worked at Larson Ford with his Dad.

We had such great times there between having to "Wet Sand" putty from another car.

It is sad that it is times like this that you remember past friendships.

Until we meet again in Our Loving God's Hands
